T. J. OTTERSON, Town Treasurer.

ALLENSTOWN, March 1, 1891.

I have examined the above report by the town treasurer of Allenstown, and have found the account to be correct and the vouchers complete and in proper form.

JOHN B. HASELTON, Auditor.

REPORT OF BOARD OF EDUCATION.

In compliance with the requirements of the law, we hereby submit our annual report, and in so doing we repeat what we said last year, that one of the greatest obstacles to success with which we have to contend is the irregular attendance of pupils. Every day that a scholar is absent makes a break in his studies which can never be fully recovered.

While it is so universally acknowledged to be of the greatest importance that our children should make the most of their educational privileges, and while our citizens raise money to build and repair school buildings and furnish supplies, why is it that parents are so blind in regard to the interests of their children as to permit them to waste, by absence, one-sixth to one-fourth of the money expended for schools in town? By reference to the statistical table of this report, it will be seen that the percentage of daily attendance varies from 71 per cent. to 93 per cent., on an average of only 83 per cent. for all the schools for the year. Would any citizen be satisfied to have an employe squander one-sixth of his time by loitering about the street? But would it not be better management than to allow your children to be deprived of the same proportion of their educational privileges?

Our schools for the year, we think, have been reasonably successful. Miss Pervier and Miss Watson, in the Grammar school, both labored faithfully and with good success. The improvement was good.

Miss Mary F. Scribner, in the Primary school, commenced the year without previous experience, but with a determination to succeed, and that she accomplished her purpose we think was apparent to all who visited her school. Miss Fowler, in the Evans school, labored with her usual ability, and the examination showed as good results as could be expected, considering the imperfect attendance. Miss Martha F. Scribner, in the school near Mr. Cates, needs no commendation from us; she always does her duty. The Parochial school, under the management of Rev. I. H. C. Davignon, has from 250 to 300 pupils. The whole number of children in town between the ages of five and fifteen, as returned by the selectmen, is: boys, 135; girls, 134; total, 269. There are probably about 100 attending the parochial school, with 75 in our schools, leaving about 90 not attending any school.
